Sir,

In submitting herewith letter No. 47 dated 30th December 1917 together with its enclosure from the Sub Assistant Surgeon in charge of the Itinerant Dispensary at Bellur, I have the honor to state that patel Nanjegowda of Bellur has offered to put up substantial buildings at his own cost for the Dispensary and Staff at Sukravarsante provided the Itinerant Dispensary the continuance of which has now been sanctioned till the end of the current year is made permanent. For the past two years the Dispensary has been located in a house belonging to Patel Nan-jegowda in the Bellur village which is two miles from Sukna-varasante and is otherwise inaccessible. It was hoped that a suitable building would become available at Sukravarasante and the Dispensary would be located in the place for which it was intended. Now that a definite offer of buildings for the Dis-pensary and staff has come from Mr. Nanjegowda it is desirable that the same may be accepted and an assurance given that the Dispensary would be made permanent as was done in the case of Dispensaries started in the Kadur District under the Malnad Improvement Scheme at Balehonnur, Balur and Santeveri. It may be mentioned in this connection that the Bellur Itinerant Dis-pensary has done splendid work in the past two years and is resorted to largely by the people of Sakalespur Malnad and its transfer to Sukravarsante and location in a permanent building centrally situated will enhance its usefulness to a still great-er extent.

If similar assurance is given with regard to the other Itinerant Dispensary in the Hassan District endeavours will be

made
